

## D-FENCE DECO FENCE

## TWIN WIRE WELDED MESH SYSTEM

### DESCRIPTION

Our welded D-Fence Deco fence blends architectural elegance with engineered strength. Precision-welded steel wire creates a clean, modern aesthetic while delivering exceptional rigidity, longevity, and resistance to deformation. Designed for both visual appeal and perimeter definition, the fence offers open sight lines without sacrificing security.

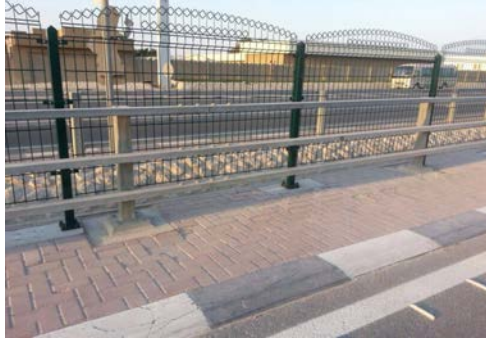

- **Thickest Wire**
- **Twin Wire**
- **Good Visibility**

### NANO COATING

NANO coating is a special technology that increases the adhesion performance of the coating to the metal surface and eliminates pores in NANO sizes. Thanks to the elimination of pores, the powder coating adheres with high performance on metal surface.

FEATURES

**STRONG**

The fence boasts the thickest wires of 3 1/2 ga for twin horizontal wires and 5 1/2 ga for vertical wires thereby creating a strong fence.

**STURDY**

Thick wires eliminate the need to have a V-bend because making it possible to have a flat installation without worrying about waviness.

**COLOR OPTIONS**

Available in various colors such as Green, Red, Yellow, and White, allowing you to match the fence to your desired style.

OPTIONAL FEATURES

Seamless connections for all direction changes

Capable of integrating additional features to make it a smart fence

Customizable decorative arch top to create a more personalized perimeter demarcation solution.
